Atmosphere, anywhere

At Humble, we develop wireless lamps that stand out for their design and creating the perfect ambiance. After all, the right lighting transforms every space into a home, whether for individuals or professional environments like hospitality.

In all our designs, we focus on long-lasting performance and modern conveniences. Whether it's wireless charging, remote group control, or seamless integration with smart home systems, Humble strives to make your lighting experience both effortless and personal. And if something accidentally breaks, our lamps are easy to repair either by yourself or with our help of our support team.

Explore our complete collection and accessories in this lookbook. Intrigued? Feel free to reach out to us at info@humblelights.com.

Team Humble

What makes a Humble light special?

Long battery life

We like to squeeze as many hours of light out of our little lamps as we can. With heavy use, you therefore only need to recharge them once a week.

Warm & dimmable

For us, cosiness is our number one priority. That is why our lamps have a warm, comforting colour temperature and are dimmable in 3 settings.

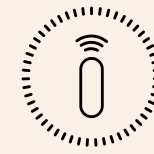

Wireless charging

Humble lamps can also be charged wirelessly, just like a phone. We even developed special chargers so you can easily charge them in groups.

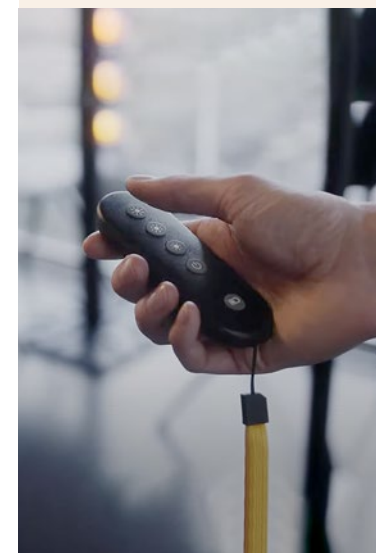

Waterproof IP65

Our lamps have silicone sealing seals and are IP65 certified. This means you can leave them outside when the weather turns. Convenient, right?

Control from a distance

All lamps within a radius of 10 metres can be controlled simultaneously with the Humble remote. Our smart lamps can even be controlled with your phone.

Built for life

In the design process we took extra care to make all parts easily replaceable. Accidents happen, but don't worry. We have spare parts available and will get them to you asap.

Humble One

Perfect place for mood lighting, but no plug socket nearby? Our cable-free Humble One is packed with up to 140 hours of light to create instant atmosphere, anywhere.

Available in a wide range of finishes – from woods and marbles to fabrics and metals – the Humble One suits any home or commercial environment.

One

Humble Firefly

Experience the warmth and coziness of a tealight with our Humble Firefly. It's as if a glowing beetle is caught under the shade, creating a subtle play of light and shadows.

Safe, sustainable, and portable. Firefly offers three dimmable settings, comes in bronze or gold and features a frosted or smoked shade.

Firefly

Materials

Base	Aluminium
Shade	Polycarbonate
Seals	Silicon

Environment

IP65 – waterproof

Dimensions

Ø 8,6 x H 11,8 cm – Ø 3.4 x H 4.6 inch

Weight

0,26 kg – 0.57 lbs

Technical specifications

Parts & Accessories

To extend the lifespan of our lights all fragile parts are available as spares and are easily replaced if needed. We also offer all kinds of accessories to make our Humble lights even more enjoyable to use.

Bulbs & Accessories

Travel Case

Carry and protect your Humble One or Two.

Charger Double

Available in normal and large (shown here).

RF Remote

Control all humble lights within a 10m radius.

Charger Single

For a single unit, also works for your phone.

Charger Six

Made from black-stained bamboo, our Charger Six has convenient pockets that keeps your Ones, Two's and Fireflies neatly aligned.

Charger Six Large

The Large version can charge all our lights, including Bug and Bee.

Stacks

You can stack all both Six chargers up to 3 levels high to charge up to 18 units on a small footprint.
